

Tour Guide Team

The goal of the Tour Guide team is to use current parents to give prospective families tours of Oakland Christian. The primary times that we need parent tour guides are for our fall and winter open houses. There may be some additional opportunities at other admissions events like First Look Fridays. A parent tour guide helps create a welcoming and informative experience for each new family visiting Oakland Christian School and helps them feel welcomed in our school. This is always an exciting time to show others how great our community is at OCS!

The main responsibilities of this team would involve giving 2-3 tours during one or both of the 2-hour Open House events. You would be asked to provide tours in elementary, middle, and high school depending on your current experience at OCS.
