SPAIN

**Class of:** Attended in 2017/18 for junior year

**Home Country:** Spain

**Attended OCS for:** 1 Year

**While at OCS I was involved in:** I did a lot of different activities while I attended OCS, including soccer, drama, singing in the choir, and playing in the high school band.

**Currently Studying:** ESADE Business School, Barcelona, Spain  
Bachelor of Business Administration

**Why did you choose OCS:** I chose OCS because it looked like there was a really good environment between students and teachers (which there for sure was), and also because of the Christian values that they teach.

**What is the best thing about your experience at OCS:** My experience in Michigan was so good that it's almost impossible to pick one favorite experience. However, if I had to pick one, it would be the international student group. We did many field trips and activities and had so much fun with each other. The bond I created with the other international students thanks to the school was something else.

**Why would you recommend OCS:** I would recommend OCS for many reasons, since in general they made my year in America be the best that it could have ever been. The teachers were the nicest and most professional of any that I've had and the environment and relationship with them was just amazing. Also, the Academics. were outstanding. Since my year in America, I have had the opportunity to talk to other students who attended other American high schools and I can guarantee that in OCS they prepare you way better for college and life in general.
